

## **10" TFT LCD DIGITAL QUAD VIEW COLOR MONITOR** **WITH SUNSHADE AND FLUSHMOUNT**

A 10" display really brings the image from behind your vehicle to life! The TFT LCD Color Display comes with a super sharp image and can connect, and view simultaneously, up to four cameras with an additional AV channel for a fifth input. It comes with distance grid lines and a range of different viewing options from single view to dual screen to quad view. Monitor comes with two mounting options; a flush mount to mount into the dash and a swivel head self standing mount. A removable sunshade is also included.
