REGULATORY DATA SHEET

ADHESIVE –

Master Stop anti-slip Tape

Revision Date: 6/26/2012

Print Date: 5/9/2013

REGULATORY INFORMATION

Food and Drug Regulations

US Food and Drug Administration

We confirm that the adhesive on this product complies with the following citation(s):

Citation: 21 CFR 175.105 (Adhesives)

Limitations: The product is either separated from the food by a functional barrier or used subject to the following limitations: In dry foods. The quantity of the product that contacts the packaged dry food shall not exceed the limits of good manufacturing practice. In fatty and aqueous foods. The quantity of the product that contacts the packaged fatty and aqueous foods shall not exceed the trace amount at the seams and at the edge exposure between packaging laminates that may occur within the limits of good manufacturing practice. Under normal conditions of use the packaging seams or laminates will remain firmly bonded without visible separation.

Ozone Depleting Substances

This product is not known to contain any ozone depleting substances.

US TSCA 12(b)

This material contains the following chemicals subject to the US Toxic Substance Control Act (TSCA) 12(b) export reporting requirements: None

Other Regulations / Standards

RoHS - EU Directives 2002/95/EC

Restricted substances have not been intentionally added to this product nor are they known to be present above established limits. This product has not been specifically tested for the presence of these substances.

Remarks:

Citations:

EU. REACH Candidate List of Substances of Very High Concern for Authorization (SVHC)

This material does not contain substances included on ECHA's Candidate List of Substances of Very High Concern (SVHC) in concentrations at or above 0.1%. This determination is based upon formulation and available raw material information. This evaluation is valid for SVHCs included on the Candidate List as of the revision date of this Regulatory Data Sheet.

Remarks:

Citations:

WEEE – EU Directive 2002/96/EC

This material contains one or more substances that fall under the substance category of hydrocarbons (HC). Concentrations of free hydrocarbons in a properly cures and dried adhesive, coating or resin are expected to be minimal.

Remarks:

Joint Industry Guide. Material Composition Declaration for Electronic Products (JIG)
Restricted substances have not been intentionally added to this product nor are they known to be present above established limits. This product has not been specifically tested for the presence of these substances.

Remarks:

Citations:

Biocides

Not a Biocide

SUBSTANCES OF CONCERN

Organotin Compounds

This product is not known to contain Organotin compounds. However, this product has not been tested for these substances.

Heavy Metals

This product does not contain any intentionally added heavy metals, such as Antimony, Arsenic, Barium, Cadmium, Chromium, Lead, Mercury and Selenium. It has not been tested for heavy metal impurities. However, based upon our knowledge of the formulation and available raw material information: we would expect the level, if any, to be below the limits established under the following regulations and / or standards. CONEG Reduction of Toxics in Packaging, Consumer Product Safety Improvement Act of 2008, The Toy Safety Standards, including ASTM F963 and European Standard EN 71-3.

Polybrominatedbiphenyls [PBB] and Polybrominated diphenyl esters [PBDE]

This product is not known to contain polybrominated biphenyls or polybrominated diphenyl ethers that are restricted under regulations in effect on the document revision date.

Animal – Derived Content

Not Determined

Alkylphenol Ethoxylates

This product is not known to contain alkylphenol ethoxylates. However, this product has not been tested for these substances.

Allergens

This product does not contain any of the following allergens: milk, fish, tree nuts, eggs, peanuts, crustaceans, wheat, soybeans, sesame, gluten.

Latex

This product is not known to contain natural rubber latex. However, this product has not been tested for this substance.

Phthalates

Phthalates are not intentionally added to this product. It has not been tested for phthalate impurities. However based upon our knowledge of the formulation and available raw material information; we would expect the level, if any, to be below the limits established under the following regulation and / or standards. Consumer Product Safety Improvement Act of 2008.

Halogenated Compounds

This product is not known to contain halogenated compounds. However, this product has not been tested for these substances.

Preservatives

This product is not known to contain preservatives. However, this product has not been tested for these substances.

Genetically Modified Organisms (GMO's)

Not Determined

PFOS / PFOA (Perfluorooctane Sulfonate and Perfluorooctanic Acid

This product is not known to contain Perfluorooctane sulfonic acid (PFOS) and / or Perfluorooctanoic acid (PFOA). However, this product has not been tested for this substance.

Bisphenol A

The following substances have not been intentionally added to this product: Bisphenol F, Bisphenol A diglycidyl ether (BADGE), Bisphenol F-diglycidyl ether (BFDGE), Biphenol A. This product has not been tested for these substances.

Other Substances of Concern

The following substances have not been intentionally added to this product: Dimethyl fumarate, Asbestos, Azo dyes, Organophosphorous flame retardants, Phosphorinated flame retardants, Melamine, Furans, Disperse dyes, Pesticide, formaldehyde-like, aromatic amines, Octa brominated diphenylether (Octa-BDE). This product has not been tested for these substances.
